

PORTABLE WASH STATIONS

INTERIOR USE WASH STATION

Portable Wash Stations conform to OSHA and CDC guidelines for at-risk associates.

- Wash stations provide a quick and convenient method to maintain clean hands.
- Touchless faucet with powered water heater reduces transmission of germs.
- Wall-mounted soap and towel dispensers with quick refill designs.
- Integrated 10 gallon trash can.
- All surfaces are non-porous and easily sanitized.
- The caster wheel base and inset power receptacle allow for easy relocation and powering.
- Optional Lithium Power Pack for maximum portability.
- Optional locking base storage for maximum security.
